#### REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Trustees Community College of Philadelphia (A Component Unit of the City of Philadelphia)

## Report on the financial statements

#### **Opinion**

We have audited the financial statements of the business-type activities and the aggregate discretely presented component units of the Community College of Philadelphia (the College), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the College as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for opinion

We conducted our audit of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the College and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Emphasis of matter**

As discussed in Note A to the financial statements, the College adopted Governmental Accounting Standards Board Statement No. 87, *Leases*, during the year ended June 30, 2022. Our opinion is not modified with respect to this matter.

#### Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design
  audit procedures that are appropriate in the circumstances, but not for the
  purpose of expressing an opinion on the effectiveness of the College's internal
  control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Required supplementary information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis included on pages 7 through 16 and the required supplementary information on pages 53 through 55 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an

essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with US GAAS. These limited procedures consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other supplementary information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the College's basic financial statements. The other supplementary information, comprised of the reformatted schedule of net position, reformatted schedule of activities, and schedule of changes in capital asset balances on pages 57 through 59, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The other supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the other supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other information

The other information, comprised of the statistical section and demographic statistics on pages 61 through 69, is presented for purposes of additional analysis and is not a required part of the basic financial statements. We have applied certain limited procedures to the other information in accordance with US GAAS. These limited procedures consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## Other reporting required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report, dated September 30, 2022, on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

Philadelphia, Pennsylvania September 30, 2022

Sant Thornton LLP

## MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

June 30, 2022

#### INTRODUCTION

This Management's Discussion and Analysis (MD&A) is based upon facts, decisions, and conditions known as of the date of the audit report. The MD&A should be read in conjunction with the financial statements and accompanying notes that follow this section.

Community College of Philadelphia (the College) has prepared its financial statements in accordance with Governmental Accounting Standards Board (GASB) principles, which establish standards for external financial reporting for public colleges and universities and require the financial statements presented to focus on the College as a whole.

The financial results of Community College of Philadelphia Foundation (the Foundation) and CCP Development, LLC are reported as discrete component units. The Foundation was incorporated exclusively to secure philanthropic funding to benefit academic and student success. CCP Development, LLC was organized as a qualified active low-income community business (QALICB) to secure new market tax credit funding for the construction of the College's Career and Advanced Technology Center at 4750 Market Street, Philadelphia, Pennsylvania.

### Financial and Institutional Highlights

- The College continued its commitment to keep higher education affordable for all Philadelphia residents by freezing tuition for the fifth consecutive year while also increasing available financial aid and student services.
- The Catto Scholarship was offered for the second year with 539 students receiving free tuition, books, and monthly stipends. The Catto Scholarship is a five-year anti-poverty initiative sponsored by the Mayor of Philadelphia. Funding includes providing basic needs and a team of dedicated advisors and counselors to support the scholarship recipients. In 2022, the College recorded expenses of more than \$3.7 million to support the Catto Scholarship program.
- The College launched a student Equity Initiative with the goal of closing the achievement gap of
  underrepresented populations. The focus of the Equity Initiative includes learning development
  opportunities for faculty in the areas of: the College's commitment to Diversity, Equity and Inclusion;
  grading for equity; Critical Race Theory; using data to guide equity work; and ensuring equity and
  inclusion in the online environment.
- The newly constructed 75,000 square feet Career and Advanced Technology Center (CATC) was opened in August 2022. The CATC will bring career training and community engagement to the forefront of our neighborhoods through state-of-the-art facilities, support for local entrepreneurship, and hands-on learning experiences for the Medium and Heavy Truck Technology degree program; Toyota T-TEN degree program; Alternative Fuels: Electric Vehicles and Hybrids (micro-proficiency certificate); Alternative Fuels: Carbon Based Fuels (micro-proficiency certificate); Medium and Heavy Truck Technology I: Inspection, Maintenance and Minor Repair (proficiency certificate); Medium and Heavy Truck Technology II: Truck Service Technology (proficiency certificate).
- The Jr. STEM Academy will launch in the new CATC. It will serve students from West Philadelphia
  middle schools and offer afterschool and summer programming in robotics; drone building,
  programming, and operation; app development; and advanced manufacturing. The program will be
  funded by the Lenfest Foundation.

### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2022

- The College continued to expand its degree and certificate program offerings. New degree programs launched during the year, in addition to Transportation Technology, were Web and Mobile Application Development. New certificates included Insurance and Interdisciplinary Analysis and Critical Reasoning.
- The College continued to add several new workforce and career offerings, including Veterinary Technician, Central Sterile Processing, Light Truck Commercial Driver's License (CDL) training, a new series of coding boot camps and a Career Readiness Pre-apprenticeship program in an effort to meet the City's workforce needs.
- In June 2022, a new agreement was signed with Rowan University. This partnership will support CCP STEM graduates transferring to Rowan University. The agreement focuses on serving students in the Greater Philadelphia chapter of the Louis Stokes Alliance for Minority Participation (LSAMP), a national organization that encourages students from underrepresented groups to pursue degrees in the STEM fields.
- The College continued supporting high school students to enroll in college level courses via contracts with the School District of Philadelphia. High school students enrolled in Gateway to College or Parkway Center City Middle College High School will graduate with a high school diploma and College credits up to an Associate's degree.
- While COVID-19 lockdowns have abated and vaccines are readily available, the College continued to experience challenges related to the pandemic. This is because the pandemic had a disproportionate effect on the student population of minority serving institutions. Philadelphia's vaccine mandate for institutions of higher learning may have compounded the situation. Total enrollment declined 13.9% from 19,266 students in 2020-2021 to 16,596 students in 2021-2022. In late fiscal year 2022, the City waived the vaccine mandate for the College.
- During the year ended June 30, 2022, the College entered into an agreement with a nationally recognized leader in enrollment management to assist with developing a Strategic Enrollment Management plan. This included deploying predictive budget models and identifying areas for program growth with targeted plans for increasing enrollments.
- During the year, the College disbursed more than \$30.6 million from the Higher Education Emergency Relief Fund (HEERF) grants from the U.S. Department of Education (DOE) to students who were affected by the pandemic. The total HEERF institutional and student funds awarded to the College since 2020 amounted to \$58.7 million and \$44.2 million, respectively.
- More than \$1.39 million of the HEERF institutional funds were applied to discharge student balances relieving 1,776 students from their debt obligations.
- The College provided more than \$12.0 million of HEERF funds directly to students as emergency aid.
- The College continued to provide loaner laptops to students in need of technology to participate in hybrid and distance education course.
- The Goldman Sachs Foundation renewed its \$1.45 million commitment to fund the Goldman Sachs 10,000 Small Businesses Program for the 9th year. The program serves over 90 businesses annually.

### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2022

During the year ended June 30, 2022, the College implemented GASB 87, Leases, and the adoption
has been reflected as of the beginning of the earliest period presented in the financial statements,
resulting in an \$16.4 million increase in lease receivable and deferred inflows, a \$0.9 million increase in
right-of-use equipment and building assets as well as lease liability, and a decrease in unrestricted net
position of \$0.2 million at July 1, 2021, the date of the earliest period presented in the financial
statements.

#### Overview of Financial Statements

The College's financial statements focus on the College as a whole, rather than upon individual funds or activities. The GASB reporting model is designed to provide readers with a broad overview of the College's finances and is comprised of three basic statements:

- The Statement of Net Position presents information on the College's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets serve as one indicator of how the financial position of the College is changing.
- The Statement of Revenues, Expenses and Changes in Net Position presents information showing how the College's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods.
- The Statement of Cash Flows is reported using the direct method. The direct method of cash flow reporting portrays net cash flows from operations, financing, and investing receipts and disbursements.

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes contain details on both the accounting policies and procedures that the College has adopted, as well as additional information about amounts reported in the financial statements.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2022

### **Net Position**

At June 30, 2022, the College's net position was a negative \$3.6 million, with liabilities of \$293.1 million and assets of \$313.0 million. Net position increased by \$36.3 million in 2022 prior to recording the impact of the post-employment benefit liability. Unrestricted net position improved from a negative \$150.8 million to a negative \$119.8 million. Absent the cumulative impact of the post-employment benefit liability (GASB 75 and 68) reporting requirements, unrestricted net position would currently be at a level of positive \$290.0 million. The other factor contributing to the change in the unrestricted net position value was unfunded depreciation expense for 2022 in the amount of \$7.6 million.

	Summary of Net Position June 30,			osition
		2022		2021
	(in millions)			
Assets: Current assets Noncurrent assets:	\$	80.9	\$	75.4
Loan receivable		19.9		19.9
Bond proceeds available for campus construction		7.5		9.8
Other long-term investments		20.4		18.5
Long-term lease receivable		16.1		-
Investment in CCP Development, LLC		5.0		5.0
Capital assets, net	-	163.1		162.2
Total assets		312.9		290.8
Deferred outflows of resources		25.1		29.2
Liabilities:				
Current liabilities		31.4		36.6
Noncurrent liabilities		261.8		258.1
Total liabilities		293.2		294.7
Deferred inflows of resources		48.6		53.7
Net position:				
Net investment in capital assets		110.4		116.7
Restricted: Expendable		5.8		5.7
Expendable		(119.8)		(150.8)
Total net position	\$	(3.6)	\$	(28.4)

#### Assets

Current assets increased by \$5.5 million during 2022. Short-term investments, accounts receivable and other assets decreased due to timing differences offset by increase in receivable from government agencies.

### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2022

Noncurrent assets increased by \$16.6 million. This is primarily attributable to the implementation of GASB 87, *Leases*, which resulted in the College recording a long-term lease receivable of \$16.1 million. Bond proceeds available for campus construction decreased as construction of the Library and Learning Commons progressed towards completion and expenses started to accrue related to the Center for Advanced Technology as design and planning got underway. The College's capital assets as of June 30, 2022 net of accumulated depreciation were \$163.1 million, an increase of \$0.9 million over the amount reported for 2021 of \$162.2 million. The increase in the net value of capital assets is related to the increase in the value of capital additions exceeding the accumulated depreciation a well as \$0.9 million of right-of-use lease assets recorded due to the implementation of GASB 87. Total current liabilities decreased by \$5.2 million in 2021. Payables to government agencies decreased by \$0.2 million primarily due to timing in processing Pennsylvania State grants student aid. Accounts payable and accrued liabilities decreased by \$1.5 million primarily due to timing.

The College self-insures its employee medical plan. The College purchases stop loss insurance with a limit of \$250,000 to cap institutional financial exposure for individuals with extraordinarily large claims in a policy year.

The College's outstanding long-term debt was \$61.5 million as of June 30, 2022, a decrease of \$8.0 million from June 2021. This decrease is due to the issuance of the Series 2020 bonds to partially finance the construction of the Career and Advanced Technology Center. The pension liability amount for 2022 also includes \$3.8 million related to GASB 68, which requires the College to record its relative proportion of the net funded status of certain state cost sharing pension plans. The cumulative estimated value for the accrued other post-employment benefit liability in 2022 and 2021 was \$192.1 million and \$180.5 million, respectively. Absent this reporting requirement, the College's net assets as of June 30, 2022 would have been at a level of \$188.5 million.

### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2022

## Statements of Revenues, Expenses and Changes in Net Position

The change in net position for 2022 and 2021 was a positive \$24.8 million and \$36.8 million, respectively. The following table quantifies the changes:

	Revenues, Expenses and Changes in Net Position Year ended June 30, 2022 2021			
		(in m	illions)	
Operating revenues:  Net tuition and fees  Auxiliary enterprises and other sources	\$	24.8 0.1	\$	28.4 0.4
Total		24.9		28.8
Operating expenses		188.5		143.0
Operating loss		(163.6)		(114.2)
Net non-operating revenues		176.9		138.0
Change in net assets before other revenues		13.3		23.8
Capital appropriations		11.5		13.0
Total change in net position	\$	24.8	\$	36.8

### **Operating Revenues**

The largest sources of operating revenue for the College are student tuition and fees and auxiliary enterprises revenues. In 2022, tuition charge was unchanged at \$159 per credit. The Technology Fee, General College Fee, and Course Fee also remained unchanged from prior year. While the General College Fee was assessed on students, the College decided during the year to apply HEERF grant funding from the DOE to reimburse the General College Fee for students for late summer, fall and winter terms. The College charges course fees for selected high-cost courses. Course fees range from \$70 to \$345. Average total tuition and fee revenue per credit for 2022 was \$231.

Tuition and fee revenue totaled \$53.1 million in 2022 and \$62.1 million in 2021, a decline of 14.5%. Total enrolled credit headcount declined 13.9% for the same period.

Scholarship allowance amounts for 2022 and 2021 totaled \$28.3 million and \$33.6 million, respectively. The scholarship allowance represents tuition and fee payments made using public and private grants and scholarships. The decrease in scholarship allowance amounts between 2022 and 2021 is reflective of the 13.9% decline in overall credit enrollment. While the maximum Pell award increased from \$6,345 in 2020-2021 to \$6,495 in 2021-2022, it did not contribute to any increase in scholarship allowance due to a significant decrease in Pell eligible students attending the College.

### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2022

Gift revenue from the Community College of Philadelphia Foundation (the Foundation) in the amount of \$0.4 million was received in 2022 and is reported in the statement of revenues, expenses and changes in net position. This gift revenue was used to partially pay the College's cost for its partnership with Single Stop USA. Single Stop USA is a nonprofit organization that delivers services to families nationwide by connecting students to state and federal financial resources and local community services. The aim is to help students overcome economic barriers, continue with their education and move toward economic mobility.

## Non-operating Revenues

Commonwealth appropriations in 2022, excluding capital appropriations, totaled \$32.3 million, a decrease of \$0.1 million (0.1%) over the \$32.4 million received in 2021.

Total 2022 City funding was \$43.1 million. Of the funding appropriation, \$37.2 million was used for operating budget purposes in 2022 and \$3.3 million was used for CATTO Scholarships. In 2021, \$34.5 million of the total appropriation was used for operating purposes. Net investment (loss) income was \$(3.9 million) in 2022 and \$0.5 million in 2021.

As mentioned above, non-operating revenues increased by 28.2% from \$138.0 million in 2020-2021 to \$176.9 million in 2021-2022. This included the impact of \$57.9 million in grant funding received from the DOE through the American Rescue Plan (ARP) Act of which \$26.6 million was spent on student aid and \$28 million was spent on laptops, PPE, software services and converting on campus courses to online format, as well as lost tuition, fee, and auxiliary revenues because of COVID-19.

### **Capital Appropriations**

The Commonwealth provided capital funding for debt service and capital purchases in the amounts of \$5.7 million and \$5.8 million for 2022 and 2021, respectively. The College used \$5.9 million of the total City of Philadelphia appropriation of \$43.1 million in 2022 for debt service and capital purchases. In 2021, City of Philadelphia appropriations used for debt service and capital purchases were \$7.2 million.

	Expenses by Function Year ended June 30,			
	2022 2021			2021
		(in mi	llions)	
Instruction	\$	54.7	\$	50.3
Public service		0.1		0.1
Academic support		16.4		14.8
Student services		21.0		18.9
Institutional support		36.6		28.4
Physical plant operations		14.8		10.1
Depreciation		7.6		7.5
Student aid		37.0		12.6
Auxiliary enterprises		0.4		0.3
Total operating expenses	\$	188.6	\$	143.0

### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2022

Exclusive of student aid and depreciation expenses, the College's operating expenses totaled \$144.0 million in 2022 and \$122.9 million in 2021. The College's five-year Collective Bargaining Agreement with Faculty and Classified employee unions that was ratified in September 2013 expired August 2016. On April 3, 2019, the College and the members of Unions reached a tentative agreement and entered into certain Memorandum of Agreements to amend the terms and conditions of the respective Collective Bargaining Agreements. The Board of Trustees of the College and the membership of the Unions approved the Memorandum of Agreements on April 4, 2019 and April 11, 2019, respectively, which, among other things, extended the term of the Collective Bargaining Agreements to August 31, 2022. On October 25, 2021, the College and the Faculty and Staff Federation agreed to further extend the Collective Bargaining Agreements through August 31, 2024.

In 2018, the College adopted GASB 75, Accounting and Financial Reporting for Postemployment Benefits other than Pensions (OPEB). Under GASB 75, the College reports the Net OPEB Liability (NOL) on the statement of net position. Changes to the NOL are recognized either in the OPEB Expense and/or as deferred inflows/outflows. The value of the expense for 2022 and 2021 was a credit of \$6.3 million and \$8.8 million, respectively.

	Expenses by Natural Classification Year ended June 30,				
		2022			
		(in m	illions)		
Salaries	\$	75.9	\$	74.0	
Benefits		36.6		32.6	
Contracted services		11.0		9.2	
Supplies		2.9		5.6	
Depreciation	7.6 37.0			7.5	
Student aid				12.6	
Other post-employment benefits		(6.3)		(8.8)	
Other		23.9	-	10.3	
Total operating expenses		188.6		143.0	
Interest on capital asset-related debt service		3.3		3.9	
Total nonoperating expenses		3.3		3.9	
Total expenses	\$	191.9	\$	146.9	

The COVID-19 pandemic continued to have significant impact on the College financial and educational planning during fiscal year 2021-22. The College implemented a mandatory COVID-19 vaccination and testing policy which required all faculty and staff to be fully vaccinated against COVID-19 by October 1, 2021. The College's policy was developed in order to maintain a safe campus and to comply with the City's mandate that all higher education employees be vaccinated by October 15. Students were required to be fully vaccinated by January 18, 2022. The College also performed air duct cleaning, installed new air coils in the HVAC systems, installed acrylic dividers, installed touchless faucets, performed air flow and quality tests for all classrooms, labs, and offices using HEERF funds. In addition, the College utilized approximately \$23.2 million in HEERF grants to offset lost tuition, auxiliary, and fees revenue.

### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2022

The College incurred lower than budgeted expenses in the following categories: supplies, maintenance & repairs, travel, hospitality, and public events. Overall, the College spent approximately \$3.1 million less than budgeted for non-personnel-related expenses. In addition, the College utilized HEERF grant funds to reimburse several related COVID-19 expenditures associated with remote learning, work, COVID testing and to prepare for a safe reopening of its campuses.

A significant number of vacant positions, coupled with offering a lower number of academic sections which required limited use of part-time staff, resulted in total salaries being \$4.9 million less than budget. The College also spent \$3.2 million less for staff benefits than budgeted, which is in line with the number of vacant positions and a result of many elective procedures being delayed.

#### Schedule of Fund Balances

The following chart shows fund balances in the four fund groups: Unrestricted, Restricted, Endowment and Plant. The 2022 and 2021 amounts reported for unrestricted operations funds were reduced by the impact of accrued expense liability for post-employment benefits. The impact of GASB 75 reporting in 2022 was a negative \$188.4 million while the impact of GASB 68 reporting was \$3.4 million. The negative unrestricted plant fund balance reflects the cumulative impact of unfunded depreciation expense.

	June 30,				
		2022		2021	
		(in mi	llions)	)	
Total unrestricted fund	\$	(110.8)	\$	(128.2)	
Endowment fund: Quasi-endowment (unrestricted)				0.3	
Total endowment				0.3	
Plant fund: Net investment in capital assets Restricted expendable - capital projects Unrestricted		110.4 5.8 (9.0)		116.7 5.7 (22.9)	
Total plant fund		107.2		99.5	
Total net position	\$	(3.6)	\$	(28.4)	

#### Community College of Philadelphia Foundation

The Foundation was established in 1985 for the exclusive purpose of raising friends and funds to support student scholarships, programs, and facility needs. Total assets for 2022 and 2021 were \$17.8 million and \$19.0 million, respectively. Total unrestricted net position for 2022 and 2021 for the Foundation was \$2.2 million and \$1.9 million, respectively. The remaining net position is restricted based upon donor intent.

### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2022

## CCP Development, LLC

CCP Development, LLC, is a Pennsylvania limited liability company established in 2020 for purposes of obtaining New Market Tax Credit (NMTC) financing for the construction of the Career and Advanced Technology Center at 4750 Market Street, Philadelphia, Pennsylvania. Total assets for 2022 and 2021 were \$33.7 million and \$34.2 million, respectively, and total net position for 2022 and 2021 was \$5.8 million and \$5.0 million, respectively.

## **Future Impacts**

In May 2021, the College was awarded \$57.9 million from the DOE through the American Rescue Plan (ARP) of which \$3.4 million is still available to be spent through June 30, 2023.

For 2023, City of Philadelphia funding to the College was increased by \$1.9 million over the amount received for 2022 of which \$10.8 million is reserved for the Catto Scholarship Program. In addition, the Commonwealth of Pennsylvania funding to the College was increased by \$1.2 million over the amount received for 2022. The College's Board of Trustees voted not to increase student tuition and fees for 2023. Credit hour enrollments for Fall 2023 semester are trending 0.08% below enrollment of Fall 2021. The total credit hours generated by the late summer session, a 2023 term, were 15% lower than the previous year.

While the disruptions from COVID-19 have abated, there is still uncertainty around returning to normalcy. The College expects this matter to continue to negatively impact its financial position for 2023 but with less intensity.

#### Requests for information

Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Controller's Office, Community College of Philadelphia, 1700 Spring Garden Street, M1-7, Philadelphia, PA 19130.

#### **NOTES TO FINANCIAL STATEMENTS**

June 30, 2022

#### **NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

## Organization

The Community College of Philadelphia (the College) operates in accordance with the provisions of Commonwealth of Pennsylvania (the Commonwealth) legislation and through the sponsorship of the City of Philadelphia (the City). For financial reporting purposes, the College has been determined to be a component unit of the City, and, as such, has adopted the applicable provisions of the Governmental Accounting Standards Board (GASB).

## **Component Units**

In accordance with Governmental Accounting Standards Board (GASB) Statement No. 61, The Financial Reporting Entity: Omnibus - an Amendment of GASB Statements No. 14 and No. 34, GASB Statement No. 39, Determining Whether Certain Organizations Are Component Units - an Amendment of GASB Statement No. 14, GASB Statement No. 80, Blending Requirements for Certain Component Units - an Amendment of GASB Statement No. 14, and GASB Statement No. 14, The Financial Reporting Entity, the College has determined that the Community College of Philadelphia Foundation (the Foundation) and CCP Development LLC should be included in the College's financial statements as discretely presented component units. A component unit is a legally separate organization for which the primary institution is financially accountable or to which the primary institution is closely related.

The Foundation was established to serve as an organization responsible for college fund raising activities. The bylaws of the Foundation give the College's board of trustees the authority to amend the Articles of Incorporation of the Foundation at any time. Although the College does not control the timing or amount of receipts from the Foundation, the resources, or income thereon, the Foundation holds investments that are used exclusively for the benefit, support, and promotion of the College for its educational activities. Because these resources held by the Foundation can only be used by, or for the benefit of, the College, the Foundation is considered a component unit of the College and is discretely presented in the College's financial statements.

CCP Development, LLC was established on October 20, 2020 under the Limited Liability Company Law of the Commonwealth of Pennsylvania and organized as a Qualified Active Low Income Community Business (QALICB) to secure New Market Tax Credits (NMTC) to finance the construction of a career-based education and training facility at 4750 Market Street, Philadelphia, Pennsylvania. The facility will create jobs and provide training for the low-income community where it is located. CCP Development, LLC is 90% owned by the College and 10% owned by Career and Advanced Technology Center, Inc., a 501(c)3 corporation. Because of its relationship with the College, CCP Development, LLC is considered a component unit of the College and is discretely presented in the College's financial statements.

### Measurement Focus, Basis of Accounting, and Basis of Presentation

The accompanying financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), as prescribed by the GASB. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

The College has determined that it functions as a Business-Type Activity, as defined by the GASB. The effect of interfund activity has been eliminated from these financial statements.

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

The College's policy is to define operating activities in the statement of revenues, expenses and changes in net position as those that generally result from exchange transactions such as the payment received for services and payment made for the purchase of goods and services. Certain other transactions are reported as non-operating activities. These non-operating activities include the College's operating and capital appropriations from the Commonwealth and the City; federal, Commonwealth, and private grants; net investment income; gifts; interest expense; and gains/losses on disposals of capital assets.

### **Government Appropriations**

Revenue from the Commonwealth and the City is recognized in the fiscal year during which the funds are appropriated to the College. The College is fiscally dependent upon these appropriations. Specific accounting policies with regard to government appropriations are as follows:

### Commonwealth of Pennsylvania

General Commonwealth legislation establishing community colleges provides for the reimbursement of certain college expenses from Commonwealth funds appropriated for this purpose. Act 46 enacted in July 2005 changed the original basis of allocating operating funds to Commonwealth community colleges from a formula approach based upon full-time equivalent (FTE) students taught in the current fiscal year to a Commonwealth-wide community college appropriation. Under Act 46, the Commonwealth-wide operating budget appropriation for community colleges is to be distributed among each of the 14 colleges in 3 parts: base funding, growth funding and high-priority (economic development) program funding. The provisions of Act 46 are intended to ensure that base operating funding for each college will at least equal the amount of funds received in the prior year. Annually, 25% of any new dollars in the operating funding granted community colleges is to be distributed proportionally among the colleges experiencing growth in the prior year based upon their share of the FTE growth. Colleges whose enrollments are stable, or decline do not receive any increase from the growth funding.

The other significant operating funding change as a result of Act 46 was the establishment of Economic Development (high priority) program funding. High-priority program funding is based upon prior year enrollments in program areas defined by the Commonwealth to contribute to trained worker growth in critical employment areas. Using prior year FTE enrollments in targeted programs as the allocation mechanism, each college is to receive a proportionate share of the available funds allocated to high-priority programs.

For 2022, the provisions of Act 46 were not followed in allocating operational funds to Pennsylvania community colleges. Instead, the 2021-22 operating allocations for community colleges were based on the General Appropriation Act of 2021, Act 1A.

Previously, under the provisions of Act 46, a separate revolving pool was established for community college capital funding. Capital funding, which may include major equipment and furniture purchases, capital improvements to buildings and grounds, debt service on major capital projects, and net rental costs for eligible capital leases, is reimbursed at the rate of 50%. Capital costs not previously approved for annual funding are subject to a competitive application process, with the allocation of available funds made by the Pennsylvania Department of Education using Commonwealth-wide criteria.

Any excesses or deficiencies between provisional payments and the final annual reimbursement calculation of annual Commonwealth funding are reflected as a payable or receivable from the Commonwealth.

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

#### **Net Position**

The College classifies its net position into the following four net position categories:

*Net investment in capital assets*: Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, repair, or improvement of those assets.

Restricted - nonexpendable: Net position subject to externally imposed conditions that the College must maintain them in perpetuity.

Restricted - expendable: Net position whose use is subject to externally imposed conditions that can be fulfilled by the actions of the College or by the passage of time.

*Unrestricted*: All other categories of net position. Unrestricted net position may be designated by actions of the College's Board of Trustees.

The College has adopted a policy of generally utilizing restricted - expendable funds, when available, prior to unrestricted funds.

### Cash and Cash Equivalents

The College considers all cash accounts and demand deposits with financial banking institutions to be cash. The College considers all short-term investments (primarily certificates of deposit) with a maturity of 90 days or less to be cash equivalents.

### Investments

Investments in marketable securities are stated at fair value. Valuations for non-marketable securities are provided by external investment managers and are based upon net asset value (NAV) as provided by investment managers.

Dividends, interest and net gains or losses on investments of endowments and similar funds are reported in the statement of revenues, expenses and changes in net position. Any net earnings not expended are included in net position categories as follows:

- 1 As increases in restricted nonexpendable net position if the terms of the gift require that they be added to the principal of a permanent endowment fund;
- 2 As increases in restricted expendable net position if the terms of the gift or the College's interpretation of relevant Commonwealth law impose restrictions on the current use of the income or net gains; and
- 3 As increases in unrestricted net position in all other cases.

The College policy permits investments in obligations of the U.S. Treasury, certificates of deposit, commercial paper rated A1 by Standard and Poor's Corporation or P1 by Moody's Commercial Paper Record, bankers' acceptances, repurchase agreements, and the Commonfund's Intermediate Term Fund and Multi-Strategy Bond Fund, and specifically approved fixed income securities.

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

#### Lease Receivable

Lease receivables are recorded by the College as the present value of lease payments expected to be received under all leases other than short-term. Lease receivables are subsequently reduced over the life of the lease as cash is received in the applicable reporting period. Short-term leases, those with a maximum period of 12 months, are recognized as collected.

### Capital Assets

Real estate assets, including improvements, are generally stated at cost. Furnishings and equipment are stated at cost at date of acquisition or, in the case of gifts, at fair value at date of donation.

Assets are depreciated using the straight-line method. The range of estimated useful lives by asset categories is summarized as follows:

Asset Category	Years
Buildings and improvements	10 to 50
Equipment and furniture	3 to 10
Library books	10
Microforms	5
Software	3
System software	10

The costs of normal maintenance and repairs that do not increase the value of the asset or materially extend assets' lives are not capitalized.

## Right-of-Use Assets and Lease Liability

Right-of-use (ROU) assets are recognized at the lease commencement date and represent the College's right to use an underlying asset for the lease term. ROU assets are measured at the initial value of the lease liability plus any payments made to the lessor before commencement and initial direct costs. These assets are included within capital assets, net, on the statement of net position.

Lease liabilities represent the College's obligation to make lease payments arising from leases other than short-term leases. Lease liabilities are recognized at the lease commencement date based on the present value of future lease payments over the remaining lease term. Present value of lease payments is discounted at the College's incremental borrowing rate of 2.80%. Short-term leases, those with a maximum period of 12 months, are expensed as incurred.

## Compensated Absences

Employees earn the right to be compensated during absences for vacation leave and sick leave. Accrued vacation is the amount earned by all eligible employees through the statement of net position date. Upon retirement, these employees are entitled to receive payment for this accrued balance as defined in the College policy and collective bargaining agreements.

### Deposits and Unearned Revenue

Deposits and advance payments received for tuition and fees related to certain summer programs and tuition received for the following academic year are deferred and are recorded as revenues when instruction is provided.

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

#### Student Fees

General college fees in the amount of \$1,483,086 were waived for students for the year ended June 30, 2021, and the College charged the waived fees to its Higher Education Emergency Relief Fund (HEERF) grant from the United States Department of Education (DOE), which is recorded within federal grants and contracts within the statement of revenues, expenses and changes in net position. Included in student fees for the year ended June 30, 2022 are general college fees of \$428,900, which have been designated for use by the various student organizations and activities. General college fees for the students that attended during the Fall 2021 term were waived due to COVID-19.

#### Tax Status

The College generally is exempt from federal and Commonwealth taxes due to its status as an unincorporated association established by the Pennsylvania Community College Act of 1963 (the Act). Under the Act, community colleges are activities of the Commonwealth.

#### Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include the allowance for doubtful accounts, useful lives of capital assets, assumptions related to self-insurance reserves, and assumptions related to pension and other post-employment benefit accruals. Actual results could differ from those estimates.

#### Scholarship Discounts and Allowances

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statements of revenues, expenses and changes in net position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the College and the amount that is paid by students and/or third parties making payments on students' behalf. Certain governmental grants are recorded as either operating or non-operating revenues in the College's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the College has recorded a scholarship discount and allowance.

### Self-Insurance

The College participates in a self-insurance medical plan with a reinsurance limit of \$250,000 to limit institutional financial exposure for individuals with extraordinarily large claims in a policy year. The College has established a self-insurance accrued liability account for incurred claims, as well as an estimate of claims incurred but not reported. The College's self-insurance liability at June 30, 2022 was \$1,678,600 based upon an actuarial calculation based upon historical claim experience.

#### Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to future periods and will not be recognized as an outflow of resources until that time. In addition to liabilities, the statement of net position includes a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of a net position that applies to future periods and will not be recognized as an inflow of resources until that time. The College's deferred outflow/inflow relates to amounts recorded in connection with GASB Statement No. 68, Accounting and Financial Reporting for

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

Pensions (GASB 68), amounts recorded in connection with GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits other than Pensions (GASB 75), GASB Statement No. 87, Leases, as well as the advance refunding of the 2008 Series Community College Revenue Bonds in September 2015. See Notes E, G, I, and N for additional details.

#### **Pensions**

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the State Employees Retirement System (SERS) and the Pennsylvania Public School Employees Retirement System (PSERS) and additions to/deductions from the SERS' and PSERS' fiduciary net position have been determined on the same basis as they are reported by SERS/PSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

### Recently Adopted Accounting Pronouncement

In June 2017, the GASB issued Statement No. 87, *Leases*. This statement provides guidance for lease contracts for nonfinancial assets - including vehicles, heavy equipment and buildings - but excludes non-exchange transactions, including donated assets, and leases of intangible assets (such as patents and software licenses). The lease definition now focuses on a contract that conveys control of the right to use another entity's nonfinancial assets, which is referred to in the new Statement No. 87 as the underlying asset. Under Statement No. 87, a lessee government is required to recognize (1) a lease liability and (2) an intangible asset representing the lessee's right to use the leased asset. A lessor government is required to recognize (1) a lease receivable and (2) a deferred inflow of resources. A lessor will continue to report the leased asset in its financial statements. The requirements of Statement No. 87, as amended, are effective for reporting periods beginning after June 15, 2021. The College has fully implemented GASB 87, and the adoption has been reflected as of the beginning of the earliest period presented in the financial statements, resulting in an \$16,516,292 increase in lease receivable and deferred inflows, a \$982,466 increase in right-of-use equipment and building assets as well as lease liability, and a decrease in unrestricted net position of \$223,515 at July 1, 2021.

#### **COVID-19 Disruptions**

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic, which continues to spread throughout the United States.

The unprecedented COVID-19 situation presented unique challenges for the College's employees, students, and community. The College implemented a mandatory COVID-19 vaccination and testing policy which required all faculty and staff to be fully vaccinated against COVID-19 by October 1, 2021. However, in the final weeks of fiscal 2022, the College issued a formal request to the City of Philadelphia to reconsider its vaccine mandate for all students. That reconsideration was granted, and as of July 5, 2022, the College was no longer required to mandate full COVID vaccination for students. The College anticipates this to have a positive effect on its fall enrollment.

In May 2021, the College was awarded \$57,879,827 from the DOE through the American Rescue Plan (ARP) of which \$3,343,811 million is still available to be spent through June 30, 2023. While the disruptions from COVID-19 are currently expected to be temporary, there is uncertainty around the duration. Therefore, while the College expects this matter to continue to negatively impact its financial position for 2023, the related financial impact cannot be reasonably estimated at this time.

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

#### **NOTE B - DEPOSITS AND INVESTMENTS**

The College invests its funds in accordance with the Board of Trustees' investment policy, which authorizes the College to invest in cash equivalents which consist of treasury bills, money market funds, commercial paper, bankers' acceptances, repurchase agreements and certificates of deposit; fixed income securities including U.S. government and agency securities, corporate notes and bonds, asset-backed bonds, floating rate securities and Yankee notes and bonds; stock equities and mutual funds including the Commonfund Multi-Strategy Bond Fund, Commonfund Intermediate Fund and Core Equity Fund, Regardless of fund classifications, certain general tenets apply. Investments in all classifications seek to maintain significant liquidity and maximize annual income for the College while avoiding excessive risk. Specific objectives include maintaining sufficient liquidity to meet anticipated cash needs and the preservation of principal. The College recognizes that it may be necessary to forego opportunities for potential large gains to achieve a reasonable risk posture. Certain investments are prohibited, including commodities and futures contracts, private placements, options, limited partnerships, venture capital, tangible personal property, direct real estate, short-selling, margin transactions and certain derivative instruments. Diversification, insofar as it reduces portfolio risk, is required. The Investment Subcommittee of the Business Affairs Committee meets quarterly to oversee the College's investment portfolio, guidelines and to consider any recommended changes. At least annually, the Business Affairs Committee will report to the Executive Committee on the performance of the investments and recommended changes, if any.

Fixed-income portfolio must be of investment grade overall (equivalent of Moody's credit rating of Baa3 rating or higher. The average quality rating for the corporate bond portfolio should not fall below Moody's rating of AA3.

Deposits are comprised of demand deposit accounts with financial institutions. At June 30, 2022, cash on hand was \$4,000. At June 30, 2022, the carrying amount of deposits was \$21,254,796 and the bank balance was \$22,848,352. The differences were caused primarily by items in transit.

The following is the fair value of deposits and investments at June 30, 2022:

	Component Unit				Jnit	
					De	CCP velopment,
		College	F	oundation		LLC
Deposits:	•	04 054 700	•	0.474.000	•	407.400

	\$	62,720,007	\$	17,824,148	\$	137,138

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

In addition to the deposits and investments listed above, the College also has bond proceeds available for campus construction held by State Public School Building Authority, and the Bank of New York (the trustees), under the terms of various bond indentures. Bond proceeds available for campus construction are carried in the financial statements at fair value and consist of short-term investments and government securities. As of June 30, 2022, bond proceeds available for campus construction were \$7,514,348.

As of June 30, 2022, CCP Development, LLC has debt proceeds available for CATC construction of \$7,165,491. See Note N for additional details. The College's investments are subject to various risks. Among these risks are custodial credit risk, credit risk, and interest rate risk. Each one of these risks is discussed in more detail below.

Custodial credit risk is the risk that in the event of a bank failure, the College's deposits may not be returned to the College. The College does not have a deposit policy for custodial credit risk. Commonwealth of Pennsylvania Act 72 of 1971, as amended, allows banking institutions to satisfy the collateralization requirement by pooling eligible investments to cover total public funds on deposit in excess of federal insurance. Such pooled collateral is pledged with the financial institutions' trust departments.

At June 30, 2022, the College's bank balance was exposed to custodial credit risk as follows:

Uninsured and collateral held by pledging bank's trust department not in the College's name

\$ 21,254,796

The College participates in the Certificate of Deposit Account Registry Service (CDARS) for its certificates of deposit and Insured Cash Sweep (ICS). CDARS and ICS allow the College to access Federal Deposit Insurance Corporation insurance on multi-million-dollar certificates of deposit and money market deposit accounts to earn rates that compare favorably to treasuries and money market mutual funds. Custodial credit risk has been eliminated for the College's certificates of deposit as a result of its participation in the CDARS program.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The credit risk of a debt instrument is measured by nationally recognized statistical rating agencies such as Moody's.

The multi-strategy bond mutual fund and the intermediate fixed income mutual fund are mutual funds managed by the Commonfund. The credit quality of the investments that comprise these funds at June 30, 2022 are:

	Multi-Strategy Bond	Intermediate Fixed Income	
Government	14%	31%	
Agency	24	20	
AAA	12	16	
AA	3	4	
A	10	21	
BBB	18	7	
Below BBB	14	1	
Non-rated/other	5_	0	
	100%	100%	

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

The credit quality of the fixed income investments in which the College directly invests, including U.S. Treasury obligations, U.S. government agency obligations and corporate and foreign bonds, at June 30, 2022, is as follows:

	Fixed Income Investments
Aaa Aa A	54% 3 33
Baa	10 100%

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of fixed income investments. The College's investment policy does not specifically address limitations in the maturities of investments. The weighted average maturities of the College's fixed income investments at June 30, 2022 are as follows:

	Weighted- Average Maturity (Years)
U.S. Treasury obligations U.S. government agency obligations Corporate and foreign bonds	3.56 3.24 4.60

The College categorizes its fair value measurements within the fair value hierarchy established by U.S. GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs, and Level 3 inputs are significant unobservable inputs.

The College has the following recurring fair value measurements as of June 30, 2022:

Demand deposits, U.S. Treasury obligations, U.S. government agency obligations, equity mutual funds and money market mutual funds of \$45,981,128 are valued using quoted market prices (Level 1 inputs).

Corporate and foreign bonds of \$1,336,065 are valued using a matrix pricing model (Level 2 inputs), while the intermediate fixed income mutual fund and the multi-strategy bond mutual fund totaling \$10,379,746 are valued at the NAV per share (or its equivalent) of the investments (Level 2 inputs).

The Foundation has the following recurring fair value measurements as of June 30, 2022:

Demand deposits, equity mutual fund, and money market mutual funds of \$13,179,237 are valued using quoted market prices (Level 1 inputs).

The intermediate fixed income mutual fund of \$4,642,567 is valued at the NAV per share (or its equivalent) of the investments (Level 2 inputs).

The private real estate fund of \$2,344 is valued at the NAV per share (or its equivalent) of the investments (Level 3 inputs).

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

CCP Development, LLC has the following recurring fair value measurements as of June 30, 2022:

Demand deposits \$137,138 are valued using quoted market prices (Level 1 inputs).

The valuation method for investments measured at the NAV per share (or its equivalent) at June 30, 2022 are presented in the following table:

			Redemption Frequency (If	
		Unfunded	Currently	Redemption
	Fair Value	Commitments	Eligible)	Notice Period
Intermediate fixed income mutual fund <sup>(1)</sup> Multi-strategy bond mutual fund <sup>(2)</sup> Private real estate fund <sup>(3)</sup>	\$ 10,007,479 5,014,834 2,344	- - -	Monthly Weekly N/A	30 days 7 days N/A
Total investments measured at NAV	\$ 15,024,657			

- (1) Intermediate Fixed Income Mutual Fund. The investment objective of the Multi-Strategy Bond Fund is to offer an actively managed, multi-manager investment program that will provide broad exposure to global debt markets. The fund seeks to add value above the return of the broad U.S. bond market as measured by the Barclays Capital U.S. Aggregate Bond Index, net of fees, and to provide competitive returns relative to the Russell U.S. Core Plus Fixed Income Universe. The fund's risk characteristics will vary from those of the index due to its diversified exposures to sectors outside of the index, including below investment grade debt and international bond and currency markets. The fair values of the investments in this type have been determined using the NAV per share (or its equivalent) of the investments.
- (2) Multi-Strategy Bond Mutual Fund. The investment objective of the Intermediate Term Fund is to produce a total return in excess of its benchmark, the Bank of America Merrill Lynch 1-3 Year Treasury Index, but attaches greater emphasis to its goal of generating a higher current yield than short-term money market investments in a manner that mitigates the chances of a negative total return over any 12-month period. The fair values of the investments in this type have been determined using the NAV per share (or its equivalent) of the investments.
- (3) Private Real Estate Fund. Equus Capital Partners' Fund X (Equus) seeks to acquire value-add properties across all major real estate segments throughout the U.S. It is a sole-acquirer that takes equity positions and does not partner with regional owner-operators through joint ventures that can be dilutive to equity upside profits. The fund aims to be fully diversified across all major property types and across all U.S. property markets. Equus runs a vertically integrated platform, from deal sourcing, through acquisition to portfolio management, property management, renovation, repositioning and exit. The fund includes moderate leverage on its acquisitions, with no debt recourse to the fund level. The fair values of the investments in this type have been determined using the NAV per share (or its equivalent) of the investments.

## **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

## **NOTE C - ACCOUNTS RECEIVABLE**

Accounts receivable include the following at June 30, 2022:

	 College	mponent Unit undation
Tuition and fee receivables Grants receivable Other receivables Receivable from Foundation	\$ 2,076,661 1,150,810 94,877	\$ 5,619 - -
	3,322,348	5,619
Less: allowance for doubtful accounts	 (691,075)	 
Total	\$ 2,631,273	\$ 5,619

The College anticipates that all of its net accounts receivable will be collected within one year.

Accounts receivable, tuition and fees and other are reported as net realizable value. Accounts are written off when they are determined to be uncollectible based upon management's assessment of individual accounts. The allowance for doubtful accounts is estimated based on the College's historical losses and periodic review of individual accounts.

## **NOTE D - CAPITAL ASSETS**

The College's capital assets consist of the following at June 30, 2022:

	Balance July 1, 2021	Additions	Retirements and Adjustments	Balance June 30, 2022
Capital assets not depreciated: Land and improvements Construction in progress Works of art	\$ 31,094,977 16,440,255 902,620	\$ - 5,934,327 -	\$ - (19,936,050) -	\$ 31,094,977 2,438,532 902,620

CCP Development, LLC's capital assets consist of construction in progress in the amount of \$26,373,206 at June 30, 2022. See Note N for additional details.

#### **NOTE E - LEASES**

Leases Where College is the Lessor

On May 17, 2017, the College entered into a ground lease agreement with RPG Hamilton. The lease term is for 75 years with an option to extend the lease for an additional 24 years. Annual lease rental is payable to the College every quarter. The agreement allows RPG Hamilton to develop, operate and manage a mixed-use development to be built in two phases. Phase 1 consists of 2,000 square feet of retail space, 47,800 square feet of parking, and 290 apartments. Phase 1 was completed on April 5, 2019. Phase 2 consists of 297 apartment units. Phase 2 was completed on October 18, 2021. The addition of housing, retail space, and parking adjacent to the College provides an important marketing advantage for recruiting students, especially international and out of state students by providing a safe and secure environment while providing additional revenue to the College.

Under GASB 87, the College as a lessor, reports receivables for all leases of land, buildings, and equipment (except for short-term leases and contracts that transfer ownership). Accordingly, a lease receivable and deferred inflow both in the amount of \$16,430,148, were recorded on July 1, 2021 reflecting the adoption of GASB 87 for CCP as lessor. For the year ended June 30, 2022, the College received \$275,000 in lease revenue and \$257,291 in lease interest revenue.

## **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

The following is a schedule by year of lease receivable principal and interest repayments to maturity of the lease where the College is the lessor:

Future Minimum Rental Payments	Principal		Interest		Total	
2023	\$	(88,587)	\$	463,587	\$	375,000
2024		(91,000)		466,000		375,000
2025		(93,684)		468,684		375,000
2026		(96,341)		471,341		375,000
2027		(99,073)		474,073		375,000

#### 2015 Series

Under a loan agreement dated September 10, 2015, between the Authority and the College, the College borrowed \$52,075,000 of 2015 Series Community College Revenue Bonds to advance refund a portion of the Authority's Community College Revenue Bonds (Community College of Philadelphia Project), Series of 2008 and additional 2015 Capital Projects. The 2015 Capital Projects consist of the following: (1) renovating the College's biology labs; (2) replacing certain escalators located in the College's West Building; and (3) various other renovations, repairs and capital improvements. All of the foregoing components of the 2015 Capital Projects will be used in connection with the College's operation of its community college buildings in furtherance of its educational mission. The 2015 Series Bonds are payable over 12½ years at rates from 2.00% to 5.00%, with an average debt service payment of \$4,166,000.

Remaining principal payments for the 2015 Series Bonds required by the loan agreement are as follows:

		Principal
2023 2024 2025 2026 2027-2029	\$	5,070,000 5,325,000 5,590,000 4,995,000 10,750,000
	<u>\$</u>	31,730,000

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

#### 2018 Series

Under a loan agreement dated May 1, 2018, between the Authority and the College, the College borrowed \$24,155,000 of 2018 Series Community College Revenue Bonds to refund the outstanding Authority's Community College Revenue Bonds (Community College of Philadelphia Project), Series of 2017 and the additional 2018 Capital Projects. The 2018 Capital Projects consist of the renovation and improvements of the Library Learning Commons facility at the main campus. All of the foregoing components of the 2018 Capital Projects will be used in connection with the College's operation of its community college buildings in furtherance of its educational mission. The 2018 Series Bonds are payable over 20½ years at rates from 3.63% to 5.00%, with average debt service payments of \$3,291,851 through 2023 and \$1,148,381 from 2024 through 2038.

	Principal
2023 2024 2025 2026 2027-2038	\$ 2,580,000 575,000 600,000 630,000 10,515,000
	\$ 14,900,000

#### 2019 Series

Under a loan agreement dated May 2019, between the Authority and the College, the College borrowed \$9,155,000 College Revenue Bonds (Community College of Philadelphia Project), Series A of 2019. The 2019 Capital Projects consist of (a) the development, construction, improvement, furnishing, equipping and outfitting of a new, approximately 75,000 square foot, building on land owned by the College in West Philadelphia, with a facility that will be used to house the College's Career and Advanced Technology Center, (b) the demolition of an existing building on such site, and (c) other miscellaneous capital improvements at such site including parking, landscaping and related improvements. All of the foregoing components of the 2019 Capital Projects will be used in connection with the College's operation of its community college buildings in furtherance of its educational mission. The 2019 Series A Bonds are payable over 20 years at rates from 3.00% to 5.00%, with average debt service payments of \$675,589 from 2020 through 2039.

Principal payments required by the loan agreement are as follows:

	 Principal
2023 2024	\$ 325,000 340,000
2025 2026	360,000 375,000
2020	395,000
2028-2039	 6,475,000
	\$ 8,270,000

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

#### 2020 Series

Under a loan agreement dated December 8, 2020, between the Authority and the College, the College borrowed \$14,580,000 College Revenue Bonds (Community College of Philadelphia Project), Series of 2020 (Federally Taxable). The 2020 Capital Project is completion funding for the 2019 Capital Project and consists of:

- (a) the development, construction, improvement, furnishing, equipping and outfitting of a new, approximately 75,000 square foot building on land owned by the College in West Philadelphia, which facility will be used to house the College's Career and Advanced Technology Center, and
- (b) other miscellaneous capital improvements at such site, including parking, landscaping and related improvements.

The 2020 Series Bonds were issued prior to the closing of the new market tax credit transaction which occurred on December 9, 2020. A portion of the proceeds of the 2020 Series Bonds was used as a leveraged loan to an investment fund which in turn, through three community development entities, lent such proceeds to CCP Development, LLC, which is 90% owned by the College and 10% owned by Career and Advanced Technology Center, Inc., a 501(c)(3) tax-exempt nonprofit corporation. CCP Development, LLC will use the proceeds and net new market tax credit equity received to construct the Career and Advanced Technology Center. The loan to CCP Development, LLC is secured by a first priority mortgage and lien on the Career and Advanced Technology Center. All of the foregoing components of the 2020 Capital Project will be used in conjunction with College's operation of its community college buildings in furtherance of its educational mission. Refer to Note N for additional details.

Remaining principal payments required by the loan agreement are as follows:

		Principal
2028 2029	\$	950,000 970,000
2030		995,000
2031 2032		1,020,000 1,045,000
2033 2034-2040		1,075,000 8,525,000
	<u>\$</u>	14,580,000

### NOTE H - (PAYABLE TO) RECEIVABLE FROM GOVERNMENT AGENCIES

(Payable to) receivable from government agencies includes the following at June 30, 2022:

	(Payable)	Receivable
Commonwealth of Pennsylvania: Provision for potential audit findings and reimbursement calculation	\$ (118,188)	\$ -
Grants and special projects	φ (110,100 <i>)</i>	1,078,749
PHEAA for grants	(85,639)	
	(203,827)	1,078,749
City of Philadelphia:		
Grants receivable	=	2,899,775
4 <sup>th</sup> Quarter City Appropriation Federal:	-	9,827,302
Financial aid programs	-	18,338
Grants and special projects		25,336,260
		38,081,675
Total	\$ (203,827)	\$ 39,160,424

#### **NOTE I - EMPLOYEE BENEFITS**

Retirement benefits are provided for substantially all employees through payments to one of the board authorized retirement programs. Although the College does not offer participation in the Pennsylvania State Employees' Retirement System (SERS) or the Public School Employees' Retirement System (PSERS), it has grandfathered continued participation for those employees currently enrolled. The College has 12 employees participating in the SERS and 23 employees in the PSERS.

#### **Defined Benefit Plans**

The PSERS and SERS are cost-sharing multiple employer-defined benefit plans and are administered by the Commonwealth as established under legislative authority. The financial statements for PSERS and SERS can be obtained from the following: Commonwealth of Pennsylvania, Public School Employees' Retirement System, 5 North Fifth Street, P.O. Box 125, Harrisburg, PA 17108 0125; and Commonwealth of Pennsylvania, State Employees' Retirement System, 30 North Third Street, P.O. Box 1147, Harrisburg, PA 17108-1147.

#### Benefits Provided

PSERS and SERS provide retirement, disability, and death benefits. For PSERS, retirement benefits are determined as 2.00% or 2.50% (depending on membership class), of the individual's final average salary multiplied by the number of years of credited service. After completion of five years of service, an individual's right to defined benefits is vested, and early retirement may be elected. Individuals are eligible for disability retirement benefits after completion of five years of credited service. Such disability benefits are generally equal to 2.00% to 2.50% (depending on membership class) of the member's final average salary multiplied by the number of years of credited service, but not less than one-third of such salary nor greater than the benefit the member would have had at normal retirement age. Death benefits are payable

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

upon the death of an active member who has reached age 62 with at least one year of credited service. Such benefits are actuarially equivalent to the benefit that would have been effective if the member had retired on the day before death.

For SERS, retirement benefits are determined at 2.00% or 2.50% (depending on membership date) of the highest three-year average salary times the number of years of service. The vesting period is either 5 or 10 years (depending on membership date) of credited service.

### Contributions

For PSERS, the contribution policy is set by Commonwealth statutes and requires contributions by active members, employers and the Commonwealth of Pennsylvania. Funding percentages are determined by the plan in accordance with actuarial calculations and are based on covered payroll. Currently, for full time faculty, administrators and other staff, the College contributes 17.63% of all earnings as long as contributions are adequate to accumulate assets to pay retirement benefits when due. Employee contributions are 6.50% of all earnings for members prior to July 22, 1983 and 7.50% of all earnings for members after July 22, 1983.

For SERS, the contribution policy is set by Commonwealth statutes and requires contributions by active members, employers and the Commonwealth of Pennsylvania. Funding percentages are determined by the plan in accordance with actuarial calculations and are based on covered payroll. Currently, for full-time faculty, administrators and other staff, the College contributes 26.05%, 30.44%, and 38.82% of all earnings as long as contributions are adequate to accumulate assets to pay retirement benefits when due. Employee contributions are 6.25% of all earnings.

#### Pension Liabilities, Pension Expense, and Deferred Outflows and Inflows of Resources

At June 30, 2022, the College reported a liability of \$1,150,000 and \$2,528,564, within other postemployment benefits liability on the statements of net position, for its proportional share of the net pension liability for PSERS and SERS, respectively. The net pension liability was measured as of June 30, 2021 for PSERS and December 31, 2021 for SERS, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The College's proportion of the net pension liability is based on a projection of the College's long-term share of contributions to the pension plan relative to the projected contributions of all participating institutions, actuarially determined. At June 30, 2022 and December 31, 2021, the College's proportion of PSERS and SERS was 0.0028% and 0.01735410%, respectively.

### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

For the year ended June 30, 2022, the College recognized proportional pension expense for PSERS and SERS of \$3,000 and \$186,677 respectively, as provided by the plans' actuarial schedules. At June 30, 2022, the College reported deferred outflows and inflows of resources related to pensions from the following sources:

### **PSERS**

	0	Deferred utflows of esources		Deferred Inflows of Resources
Difference between expected and actual experience Net difference between projected and actual earnings on pension	\$	1,000	\$	15,000
plan investments		56,000		183,000
Changes in proportion and differences between College contributions and proportionate share of contributions				95,000
Total	\$	57,000	\$	293,000
<u>SERS</u>				
	0	Deferred utflows of esources		Deferred Inflows of Resources
Difference between expected and actual experience Changes in assumptions Net difference between projected and actual earnings on pension	0	utflows of		Inflows of
Changes in assumptions  Net difference between projected and actual earnings on pension plan investments	0 R	utflows of esources 16,695 260,241	F	Inflows of Resources  14,555 - 731,577
Changes in assumptions  Net difference between projected and actual earnings on pension plan investments  Changes in proportion	0 R	utflows of esources 16,695	F	Inflows of Resources 14,555
Changes in assumptions  Net difference between projected and actual earnings on pension plan investments	0 R	utflows of esources 16,695 260,241	F	Inflows of Resources  14,555 - 731,577

### **Actuarial Assumptions**

The following methods and assumptions were used in the actuarial valuations for the year ended June 30, 2022, unless otherwise stated. These methods and assumptions were applied to all periods included in the measurement:

#### **PSERS**

Actuarial cost method	entry age normal level % of pay
Investment rate of return	7.25%, includes inflation at 2.75%
Salary increases	effective average of 5.00%, which reflects an allowance for inflation of
-	2.75%, real wage growth of 2.25% and merit of seniority increases
Mortality rates	Mortality rates were based on the RP-2014 Mortality Tables for Males and
•	Females, adjusted to reflect PSERS' experience and projected using a
	modified version of the MP-2015 Mortality Improvement Scale

### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

### <u>SERS</u>

Actuarial cost method Amortization method	entry age straight-line amortization of investments over five years and amortization of assumption changes and noninvestment gains/losses over the average expected remaining service lives of all employees that are provided benefits
Investment rate of return Projected salary increases Inflation	7.00% net of manager fees including inflation as of June 30, 2022 average of 4.60% with range of 3.30% - 6.95% including inflation 2.50%
Mortality rate	projected RP-2000 Mortality Tables adjusted for actual plan experience and future improvement for retirees, beneficiaries, and survivors and rates determined by SERS actuaries using actual SERS experience for preretirement active members
Cost of living adjustments	none (ad hoc)

### **PSERS**

The long-term expected real rate of return on pension investments is determined using a building-block method in which best estimates of ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of real rates of return are summarized at June 30, 2022, in the following table:

Asset Class	Target Allocation	Long-Term Expected Rate of Return
Global Public Equity	27.00%	5.20%
Private Equity	12.00%	7.30%
Fixed Income	35.00%	1.80%
Commodities	10.00%	2.00%
Absolute Return	8.00%	3.10%
Infrastructure/MLPs	8.00%	5.10%
Real Estate	10.00%	4.70%
Risk Parity	0.00%	0.00%
Cash	3.00%	0.10%
Financing (LIBOR)	(13.00)%	0.10%
	100.00%	

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

### <u>SERS</u>

Some of the methods and assumptions mentioned above are based on the 17th Investigation of Actuarial Experience, which was published in January 2011 and analyzed experience from 2006 through 2010. The long-term expected real rate of return on pension investments is determined using a building-block method in which best estimates of ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of real rates of return are summarized, at June 30, 2022, in the following table:

Asset Class	Total Allocation	Long-Term Expected Rate of Return
Private equity	12.00%	6.00%
Private credit	4.00%	4.25%
Real estate	7.00%	3.75%
U.S. equity	31.00%	4.60%
International developed markets equity	14.00%	4.50%
Emerging markets equity	5.00%	4.90%
Fixed income - core	22.00%	(0.25)%
Fixed income - opportunistic	0.00%	0.00%
Inflation protection (TIPS)	3.00%	(0.30)%
Cash	2.00%	-1.00%
	100.00%	

For both PSERS and SERS, the discount rate used to measure total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, actuarially determined. Based on these assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### Sensitivity of the Net Position Liability

For PSERS, the College's net pension liability at June 30, 2022 is \$1,150,000 using a 7.00% discount rate. The College's net pension liability would have been \$1,509,000 assuming a 1%-point decrease (6.00%) in the discount rate and would have been \$847,000 assuming a 1%-point increase (8.00%) in the discount rate.

For SERS, the College's net pension liability at June 30, 2022 is \$2,528,564 using a 7.00% discount rate. The College's net pension liability would have been \$3,662,337 assuming a 1%-point decrease (6.00%) in the discount rate and would have been \$1,569,995 assuming a 1%-point increase (8.00%) in the discount rate.

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

#### **Defined Contribution Plans**

The College also sponsors one defined contribution plan, and as such, benefits depend solely on amounts contributed to the plan plus investment earnings. Full-time faculty and administrative employees are eligible to participate from the date of employment, and clerical employees have a one year waiting period. Participation is mandatory for full-time faculty and administrative employees upon reaching the age of 30 or after two years of employment, whichever is the later date. Participation is mandatory for full-time classified and confidential employees upon reaching the age of 30 or after four years of employment, whichever is the later date. Part-time faculty may participate after earning four seniority units, as defined in the collective bargaining agreements. College policy and collective bargaining agreements require that both the employee and the College contribute amounts, as set forth below, based on the employee's earnings.

The College's contributions for each employee (and interest allocated to the employee's accounts) are fully vested. Death benefits for value of accumulation are provided to the beneficiary of a participant who dies prior to retirement. Various payment options are available. The College has 1,010 employees participating in this program.

The payroll for employees covered by the three plans was \$57,701,632 and the College's total payroll is \$75,890,592 at June 30, 2022. Contributions made by the College for the year ended June 30, 2022 are \$6,111,961, representing 10.59% of covered payroll. College employees contributed \$4,938,434 for the year ended June 30, 2022.

A summary of retirement benefits follows:

### Type of Employee:

Full-time faculty
Visiting lecturers
Part-time faculty
Administrators and other staff
Others
Employee contribution

10% of base contract 5% of base contract 5% of all earnings 10% of base contract 10% of annual salary 5% of base salary

#### Post-Employment Benefits (OPEB)

#### Program Description

The College provides post-employment benefits other than pensions (OPEB) to eligible retirees of the College and their spouses. Health benefits include medical, prescription drug and dental coverage. Retirees and spouses are eligible to continue coverage for life as long as the retiree premium rates are paid. Life insurance benefit continues until age 65. Spouses are not covered. Life insurance benefit is determined as follows: Administrators = 2.5 times last annual salary, rounded up to next \$1,000; Faculty, Classified, Confidential = 2 times last annual salary, rounded up to next \$1,000; Faculty on Pre-Retirement Half-Time Workload Option = 4 times last annual salary, rounded up to next \$1,000. These healthcare benefits are funded by a single employer plan.

#### Eligibility

Participants must be at least age 62 with 10 years of full-time service and have attained age plus service being greater than or equal to 77.

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

### **Funding Policy**

Post-employment benefits other than pensions stem from the College's three collective bargaining agreements. For the year ended June 30, 2022, the College paid \$257,795 on behalf of the retirees and spouses. The College pays 100% of the premium for coverage for retirees until the end of the contract year in which the retiree attains age 65. Thereafter, the retiree pays 50% of the total premium, less the Medicare Part B premium. Pre-65 and post-65 retirees pay 50% of active medical benefits for pre-65 spouses. Post-65 retirees pay 50% of the premium for the coverage of post-65 spouses, less their Medicare Part B premium. Pre-65 retirees pay 0% of the premium for the coverage of post-65 spouses (the College pays 100% of their premium). Surviving spouses must pay 100% of the premium for coverage without getting reimbursed for Medicare Part B premium if over 65. Retirees on Medicare disability are given the Medicare Part B reimbursement regardless of age. The College pays 100% of the premium for retired post-65 part-time teachers and their spouses.

Employees/Retirees/Beneficiaries	Number of Participants as of July 1, 2021
Actives In-actives currently receiving benefit payments	473 246
	719

The following table provides a summary of the changes in the College's total OPEB liability for fiscal year ended June 30, 2022. The valuation date was July 1, 2021 and the measurement date was June 30, 2022.

Change in Total OPEB Liability (TOL)	July 1, 2021
TOL, beginning of year Service cost Interest	\$ 176,276,116 5,707,368 3,974,279

### Actuarial Assumptions - 2022

2024

Mortality Table: The Pub-2011 Public Retirement Plans Teachers mortality table projected generationally with Scale MP-2021 for faculty participants and Pub-2011 Public Retirement Plans General mortality projected generationally with Scale MP-2021 for all other participants.

1,469,957

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

<u>Discount Rate</u>: 2.16% for determining June 30, 2022 disclosure and estimated 2023 expense; 2.21% for determining June 30, 2021 disclosure and estimated 2022 expense.

<u>Discount Rate Determination Method</u>: Under GASB 75, the discount rate for unfunded plans must be based on a yield or index rate for a 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. Rates were taken from the Bond Buyer 20-Bond Go index as of the measurement dates.

A one-percentage point change in the discount rate and assumed health care cost trend rates would have the following impact on the liability for post-employment benefits obligations at June 30, 2022:

Discount Rate Change	1% Decrease	1% Increase
Net OPEB Liability	\$ 224,021,649	\$ 160,241,949
Net OPEB Liability Healthcare Trend Rate	\$ 159,090,766	\$ 225,971,748

### Retirement Incentive Program

Effective September 1, 2014, the collective bargaining agreement provides for a retirement incentive for full-time employees at age 63, 64 or 65 with at least 20 years of service. The incentive payment is a percentage of final pay based on years of service. Thirty-three employees will receive the incentive payment during fiscal year 2022-23. The present value of these payments is \$790,948.

#### **NOTE J - COMMITMENTS AND CONTINGENCIES**

The use of grant monies received is subject to compliance audits by the disbursing governmental agency. The College believes it is in compliance with all significant grant requirements.

The nature of the educational industry is such that, from time to time, the College is exposed to various risks of loss related to torts; alleged negligence; acts of discrimination; breach of contract; labor disputes; disagreements arising from the interpretation of laws or regulations; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. While some of these claims may be for substantial amounts, they are not unusual in the ordinary course of providing educational services. The College addresses these risks by purchasing commercial insurance. The College's retention of risk is limited to the deductibles on its insurance policies, which range from \$0 to \$150,000 per claim depending on the nature of the claim.

There have been no significant reductions in insurance coverage from the prior year. There have been no instances where a settlement amount exceeded the insurance coverage for each of the last three years. It is not expected that the resolution of any outstanding claims and litigation will have a material adverse effect on the accompanying financial statements.

The College's Collective Bargaining Agreement with Faculty and Classified employee unions expires on August 31, 2024.

### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

### **NOTE K - OPERATING EXPENSES**

The College's and component unit Foundation's operating expenses, on a natural-classification basis, were comprised of the following for the year ended June 30, 2022:

	College		Component Unit Foundation
Salaries Benefits Contracted services Supplies Depreciation Non-Inventory Capital Student aid Other post-retirement benefits Other	\$ 75,890,55 36,603,09 10,983,39 2,927,30 7,609,74 36,950,99 (6,273,55) 23,847,59	95 97 49 43 - 53 35)	907,280 339,208 57,995 75,134 - 18,244 1,273,758 - 344,533
	\$ 188,539,0	<u> 52</u>	3,016,152

## NOTE L - CITY AND COMMONWEALTH APPROPRIATIONS

Appropriations from the Commonwealth and the City for the year ending June 30, 2022 were as follows:

	<u>Operations</u>	 Capital
Commonwealth of Pennsylvania City of Philadelphia	\$ 32,340,889 37,171,793	\$ 5,657,509 5,890,103
	\$ 69,512,682	\$ 11,547,612

### **NOTE M - PASS-THROUGH GRANTS**

The College distributed \$21,111,195 during the year ended June 30, 2022 for student loans through the U.S. Department of Education Federal Direct Loan Program. These distributions and related funding sources are not included as expenses and revenues, nor as cash disbursements and cash receipts in the accompanying financial statements.

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

## NOTE N - NEW MARKET TAX CREDITS (CAREER AND ADVANCED TECHNOLOGY CENTER PROJECT)

On April 5, 2018, the Board of Trustees of the College approved a Resolution authorizing the West Regional Center Expansion. The West Regional Center Expansion is a capital project consisting of the development, construction, improvement, furnishing, equipping and fit out of a new building of approximately 75,000 square foot on land owned by the College in West Philadelphia. The building is being referred to as the Career and Advanced Technology Center (the CATC).

The construction of CATC is supported by several mechanisms that include tax-exempt and taxable municipal bonds, Pennsylvania Department of Education capital funding, Redevelopment Assistance Capital Program (RACP) grants and New Market Tax Credits (NMTC).

On August 15, 2018, the Pennsylvania Department of Education approved the College's application for State assistance for the construction of community college facilities to expand the West Regional Center. The Department provided \$10,000,000 towards the capital expense of this Project in the form of debt service for the Series 2019 bonds, with the remainder to be financed by local sponsorship and other sources.

On May 8, 2019, the College successfully issued \$9,155,000 Series 2019 bonds with a premium of \$1,028,784 for total proceeds of \$10,183,784. The Series 2019 bonds were issued to assist with the construction of the CATC.

For additional funding of the CATC, the College utilized NMTC by which investors provide capital to community development entities (CDEs), and in exchange are awarded credits against their federal tax obligations. The NMTC program offers credits against federal income taxes over a 7-year period for Qualified Equity Investments in designated CDEs pursuant to Section 45D of the Internal Revenue Code in order to assist eligible businesses in making investments in certain low-income communities.

The CATC is located at 4750 Market Street, Philadelphia, Pennsylvania, within a census tract that constitutes a "low-income community" and therefore qualified for the NMTC program. CCP Development, LLC (the LLC) was established as a qualified active low-income community business (QALICB) and serves as the leveraged loan lender for the NMTC transaction. The LLC was allocated \$25,945,000 of NMTC's from three separate CDEs which invested in the CATC.

As part of the NMTC transaction, an investment fund (the Fund) was established and funded through an investment of NMTC equity from an investor (Fund Investor). The Fund invested in the three CDEs which made loans to the LLC on December 9, 2020 in the aggregate amount of \$25,945,000.

Upon completion of the construction of the CATC building, the LLC will lease the building to the College. The College will be responsible for all operating and maintenance costs of the CATC upon completion, which is expected to be in 2023. The base rent of \$137,500 is due quarterly on the first day of February, May, August and November. A one-time base rent payment in the amount of \$90,000 shall be made on December 9, 2027. A one-time base rent payment in the amount of \$66,000 shall be made on February 1, 2028. Quarterly payments due on payment dates occurring during the period beginning May 1, 2028 and ending on November 1, 2028, shall be in the amount of \$156,000. The College plans to exercise its option to terminate the lease arrangement at the end of the 7-year tax credit investment period.

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2022

Interest on the three loans is paid by the LLC, commencing on February 5, 2021, at 1.836% per annum. The notes all mature on November 1, 2050 with interest only payments through October 31, 2028 and principal and interest payments from February 5, 2029 and continuing each annual payment date thereafter through and including August 5, 2050. The College provided a limited payment guaranty and completion guaranty to the CDEs to secure the loans.

The loan receivable and related interest receivable from the Fund to the College are recorded as a loan receivable within the statements of net position. The LLC recorded the three loan obligations owed to the CDEs as notes payable within the statement of net position. Because there is no right of offset between the loan receivable due to the College and the notes payable by the LLC, the loan receivable and notes payable are presented separately in the statement of net position for the year ending June 30, 2022.

The leveraged loans mature on August 1, 2046, and the Fund will pay the College interest only at a rate of 2.197% per annum for the outstanding balance commencing December 9, 2020. Amortization begins February 1, 2029 with the first amortizing payment due February 15, 2029. At the end of the 7-year tax credit investment period, and for the following six months (Put Option Period), between December 9, 2027 and May 9, 2028, the Fund Investor has an option, but not an obligation, to sell to the College the Fund Investor's interest in the Fund for a put exercise price of \$1,000. If the put is not exercised, then the College has the right and option, at any time during the 6-month period following the Put Option Period, to elect to purchase the Fund Investor's interest in the Fund, at an amount equal to the fair market value at the time of exercise.

As of the date of issuance of the financial statements, the LLC has \$7,165,491 available for the completion of the CATC project.

### **NOTE O - SUBSEQUENT EVENTS**

The College has evaluated subsequent events through September 30, 2022, noting no items which would require disclosure in the financial statements.

# REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

Board of Trustees Community College of Philadelphia (A Component Unit of the City of Philadelphia)

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and discretely presented component units of Community College of Philadelphia (the "College") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the College's basic financial statements. We issued our report thereon, dated September 30, 2022, which expressed unmodified opinions on those financial statements. An emphasis of matter paragraph was included related to the College's adoption of Governmental Accounting Standards Board Statement No. 87, *Leases*, during the year ended June 30, 2022. Our audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise the College's basic financial statements. We have not performed any procedures with respect to the audited financial statements subsequent to September 30, 2022.

The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is not a required part of the basic financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Philadelphia, Pennsylvania

Sant Thornton LLP

March 27, 2023

#### NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

June 30, 2022

#### **NOTE A - BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") summarizes the expenditures of the College under programs of the federal government for the year ended June 30, 2022. The Schedule of Expenditures of Federal awards presents only a selected portion of the operations of the College; it is not intended to, and does not, present the financial position, changes in net position, and cash flows of the College.

For the purposes of the Schedule of Expenditures of Federal Awards, federal awards include all grants, contracts and similar agreements entered into directly between the College and agencies and departments of the federal government and all sub-awards to the College by non-federal organizations pursuant to federal grants, contracts and similar agreements. Federal awards are included in contracts and other exchange transactions on the accompanying statement of net position.

#### **NOTE B - BASIS OF ACCOUNTING**

The accompanying Schedule of Expenditures of Federal Awards is presented using the accrual basis of accounting. The information in the schedule is presented in accordance with *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.* Therefore, some amounts presented in the schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

#### **NOTE C - FEDERAL STUDENT LOAN PROGRAM**

Federally guaranteed loans issued to students of the College during the year ended June 30, 2022 totaled \$21,111,195. This amount has been included in the Schedule. The College is responsible only for the performance of certain administrative duties with respect to federally guaranteed student loan programs, and accordingly, these loans are not included in its financial statements.

#### **NOTE D - ADMINISTRATIVE COSTS**

The College's expenditures include administrative expenses of \$38,170 for Federal Pell Grants, \$5,727 in Federal Work Study, and \$44,949 for Federal Supplemental Educational Opportunity Grants.

#### **NOTE E - INDIRECT COST RATE**

Indirect costs allocated to federal awards were based on predetermined rates negotiated with the College's cognizant federal agency. The College has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

#### GRANT THORNTON LLP

2001 Market St., Suite 700 Philadelphia, PA 19103

**D** +1 215 561 4200 **F** +1 215 561 1066 REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Board of Trustees Community College of Philadelphia (A Component Unit of the City of Philadelphia)

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the business-type activities and the aggregate discretely presented component units of Community College of Philadelphia (the "College") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated September 30, 2022.

#### Report on internal control over financial reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

#### Report on compliance and other matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Trustees Community College of Philadelphia (A Component Unit of the City of Philadelphia)

#### Report on compliance for each major federal program

#### Opinion on each major federal program

We have audited the compliance of Community College of Philadelphia (the "College") with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget's *OMB Compliance Supplement* that could have a direct and material effect on each of the College's major federal programs for the year ended June 30, 2022. The College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

#### Basis for opinion on each major federal program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (US GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the College and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the College's compliance with the compliance requirements referred to above.

#### Other matter

We previously issued our Report of Independent Certified Public Accountants on Compliance for Each Major Federal Program and on Internal Control Over Compliance Required by Uniform Guidance, dated March 27, 2023. Subsequent to the issuance of that report, it was determined that additional testing over compliance requirements subject to audit that are direct and material to the Student Financial

Assistance Cluster should be performed. The date of our audit of that major program is January 19, 2024. Our opinion is not modified with respect to this matter.

#### Responsibilities of management for compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the College's federal programs.

#### Auditor's responsibilities for the audit of compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the College's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the College's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with US GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or
  error, and design and perform audit procedures responsive to those risks. Such
  procedures include examining, on a test basis, evidence regarding the College's
  compliance with the compliance requirements referred to above and performing
  such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of internal control over compliance relevant to the audit
  in order to design audit procedures that are appropriate in the circumstances and
  to test and report on internal control over compliance in accordance with the
  Uniform Guidance, but not for the purpose of expressing an opinion on the
  effectiveness of the College's internal control over compliance. Accordingly, no
  such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### Report on internal control over compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in the College's internal control over compliance that we consider to be material weaknesses or significant deficiencies. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this Report on Internal Control Over Compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Trustees Community College of Philadelphia (A Component Unit of the City of Philadelphia) and Pennsylvania Department of Human Services

We have performed the procedures enumerated below related to Community College of Philadelphia's (the "College") compliance with the requirements listed in Audit Clause A of the Pennsylvania KEYS agreement between the College and the Pennsylvania Department of Human Services ("DHS") (the "specified requirements") during the period July 1, 2021 to June 30, 2022 (the "Subject Matter"). The College's management is responsible for its compliance with those requirements.

The College has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of evaluating the College's compliance with the specified requirements during the period July 1, 2021 to June 30, 2022. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes. Consequently, we make no representation regarding the appropriateness of the procedures enumerated below either for the purpose for which this report has been requested or for any other purpose.

The procedures and the associated findings are as follows.

 Verified by comparison the amounts and classifications that the Supplemental Schedule of Revenues and Expenditures which summarizes amounts reported to DHS for the year ended June 30, 2022, have been accurately compiled and reflect the audited books and records of the College.

No exceptions noted.

2. Verified by comparison to the example schedules included in the specified requirements that these schedules are presented, at a minimum, at the level of detail that directly mirrors the budget page (Rider 3) of the subject matter. The Supplemental Schedule of Revenues and Expenditures should mirror the line items on the budget pages of the contract and include a budget and an actual expenditure column pertaining to the period.

No exceptions noted.

 Inquired of management regarding adjustments to reported revenues or expenditures, which were not reflected on the reports submitted to DHS for the period in question.

No such adjustments noted.

4. Disclose any adjustments and/or findings and identify which have not been reflected in the corresponding schedules.

No such adjustments or findings noted.

- 5. The supplemental schedule to be included in the College's single audit reporting package for the year ended June 30, 2022, is a reconciliation of the expenditures listed on the Schedule of Expenditures of Federal Awards ("SEFA") to the Federal award income received from DHS ("reconciliation schedule") as required by DHS and noted in the revenue audit confirmation received from the Commonwealth of Pennsylvania. The procedures performed on the reconciliation schedule were as follows:
  - a. Agreed the expenditure amounts listed on the reconciliation schedule under the "Federal Expenditures per the SEFA" column to the audited SEFA.
  - b. Agreed the receipt amounts listed on the reconciliation schedule under the "Federal Awards Received per the audit confirmation reply from Pennsylvania" column to the sub-recipient Federal amounts that are reflected in the audit confirmation reply from the Commonwealth of Pennsylvania.
  - c. Recalculated the amounts listed under the "Difference" column.
  - d. Agreed the amounts listed under the "Difference" column to the audited books and records of the College.
  - e. Agreed the "Detailed Explanation of the Differences" to the audited books and records of the College.
  - f. Based on the procedures detailed above, disclosed any adjustments and/or findings which have not been reflected on the corresponding schedules.

#### No exceptions noted.

We were engaged by the College to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on compliance with the specified requirements. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

The purpose of this agreed-upon procedures report is solely to report our findings based on the specific procedures performed on the Subject Matter for the purpose of assisting the College and DHS in evaluating compliance with the specified requirements. Accordingly, this report is not suitable for any other purpose.
