Overview

Graduation Rates Overview

The Graduation Rate component of the IPEDS survey collects data on the cohort of first-time, full-time, degree/certificate-seeking undergraduates and tracks them for 150% of the normal time of their program to see how many complete. This information is collected as part of the Student-Right-to-Know Act.

Data Reporting Reminders

Once a student is in the cohort, they remain in the cohort, even if they switch to part-time or drop out. However, adjustments can be made to the initial cohort for exclusions, which include the death of a student, permanent disability, military deployment, or an official church mission.

Changes for 2011-12

A column has been added (column 51) to report the number of students still enrolled as of 200% of the normal time to completion of their program. This will provide more information about the status of non-completers.

Section III - Graduation Rate - Transfers/exclusions

- In the columns below, report the status of the Full-time, First-time degree/certificate-seeking students reported in the subcohort in Col 10, who did not complete a program as of August 31, 2011.
- Report transfers-out who did not complete a program in Col 30. If the mission of your institution includes providing substantial preparation for students to enroll in another eligible institution WITHOUT having completed their programs, you should report transfer-out data in column 30. A school is required to report only on those students that the school knows have transferred to another school. A school must document that the student actually transferred. If it is not part of your mission, you may report transfer-out data if you wish.
- Report exclusions from the cohort in Col 45. The ONLY allowable categories for this column are:
students who died or became permanently disabled
students who left school to serve in the armed forces (or have been called up to active duty)
students who left school to serve with a foreign aid service of the Federal Government
students who left school to serve on an official church mission
- Col 52 - No longer enrolled - will be calculated for you. This includes students who have dropped out as well as students who completed in greater than 150% of normal time.
- If you do not have any values to enter in either columns 30, 45, or 51, you must enter at least one zero in a field on this screen

2011 IPEDS Graduation Rate Component Data Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the ExPT and sent to your institution's CEO in November 2012.

Reason:	There was a smaller initial cohort and a slightly larger number of graduates for that cohort which is making the graduation rate fall out of range by .2 of a percentage. The graduation numbers for this year appear to be correct as reported.

Overview

Graduation Rates 200 Overview

The Graduation Rate 200 component of the IPEDS survey is a further extension of the traditional Graduation Rate component. GR200 carries over 100% and 150% graduation rate data from previous cohorts and requests any additional completers and exclusions between 151% and 200% of normal time to completion.

Data Reporting Reminders

The reporting of data for the 200% completion period is not cumulative. Respondents are asked to report data for the time period between 151% and 200% of normal time to completion only.

Changes for 2011-12

An item has been added (Line 9) to collect the number of students still enrolled as of 200% of the normal time to completion of their program. This was added to provide additional information about the status of non-completers.
