#### Student and College Responsibility in Determining Eligibility for Graduation

As early as possible during the student's final term (regular semester or summer session), the Office of Student Records and Registration will notify each applicant for graduation of the possibility of completing his/her degree requirements. Each applicant will be notified by email to check the student portal (*MyCCP*) for their graduation status. Notice of the graduation application deadline will be made available through various means, such as *MyCCP* and campus postings.

The Office of Student Records and Registration, using criteria established by the academic department, will determine if all graduation requirements have been met.

A “prospective” graduate is one who has completed all the requirements for graduation from his/her program of study, or is registered for courses needed to complete all requirements to receive the degree for his/her program of study.

The College will grant degrees and academic certificates only to students who have earned at least 30 credit hours in residence (at Community College of Philadelphia) for a degree and 15 credit hours for an academic certificate. Students on active duty with the Armed Forces need to earn only 15 credits in residence for a degree.
